

Ent. manant 7/29.82

The Mint of the United States at New Orleans, La.,

MELTER AND REFINER'S DEPARTMENT,

July 25th, 1882.

My dear Sir,

I send by to-day's mail working drawings of our furnaces. I experienced some delay in getting a draughtsman and he had much trouble to get his measurements as the furnaces were never cold. I enclose the bill of Mr. Gaschet de l'Isle; he charges \$25. for his work, which I think is reasonable under the circumstances.

Very Respectfully & Truly

Yours

A. F. Bonyano.
